MOTOROLA UNIVERSAL 5 IN 1 PROGRAMMING CABLE + DRIVERS

DESCRIPTION

Updating your various Motorola radios with the latest software helps to improve its performance and reliability. So it's recommended that you update it regularly using a 5 in 1 programming cable. This 5 in 1 Programming Cable is specifically designed for updating Motorola radios with the latest software.

This programming kit has a DB9F for connection to the serial port of your PC and RJ45, 2.5mm, multi pin and battery case plugs for the specific Motorola radio model as specified below. If you need assistance finding the right software for your radio, please contact us and we will be happy to assist.
